

Have Your Needs Changed?

Your Satisfaction is Important to Us

Is Your Home Secure?

Take a moment to review your home and think about how your security needs might have changed.

- Have you added on to your home?
- Have you replaced windows or doors?
- Have you added on to your family?
- Have you changed phone numbers because of the use of broadband internet (VoIP**) phone service? Or have you installed a DSL high-speed Internet connection?
- Is your "Call List" up-to-date?

Fill out the questionnaire below and we will follow up with you. Of course, always feel free to give us a call to discuss your security needs.

**Voice over Internet Protocol (VoIP) is a technology that allows you to make telephone calls via the broadband Internet instead of using a traditional landline telephone. Please be aware that it can affect your alarm system.

**YOUR PEACE OF MIND
IS OUR BUSINESS**

Have Your Needs Changed? Simply fill out the form below and return with your payment.
